IQAC Meeting (College Members)

DATE: 17-07-2021

TIME: 11.15

AGENDA:

1. GSIRF ranking analysis
2. Draft for teachers' and students' incentives for research and publication

A meeting of IQAC college members is called by the principal to analyze and discuss the GSIRF (Gujarat State Institutional Ranking Framework) ranking given for the college and to suggest the ways and means to increase the ranking.

RESOLUTIONS:

- **To increase the GSIRF ranking:** it was decided to recommend to the general IQAC to approve the incentive proposal and allow to put before the board of management for the approval.
- **Implementing the incentives policy from this year:** It was decided to implement the incentives policy for the teachers and students from this year only, if the board of management approves.
- **Student – teacher ratio:** It was decided to discuss this problem with the university and state government authorities as it is not in the powers of the institution to decide the class strength and to appoint the teachers on regular basis without government permission.
- **Research and publication:** It was decided to motivate the teachers and students to do a quality research by providing them all the necessarily required facilities at the institution level.
- **Students from other countries:** It was decided to introduce such a course that may attract the foreign students to the college.
- **Facilities for physically challenged students:** It was decided to fulfill all the requirements immediately after the approval from the board of management.
- **Teachers' and students' incentives Policy:** All the members of the committee accepted the draft prepared by the members with some corrections and decided to send it to board of management for approval through general IQAC recommendation.
